**CLARIFICATIONS on the INVITATION TO BID (ITB3865)
for the
Establishment of a Long Term Agreement for the leasing of portable latrines and shower units**

BID BULLETIN No. 1

Inquiries from vendors

- Q. In annex B, in price schedule form it writes maintenance and cleaning once per day, while in the request of quotation the maintenance and cleaning services are twice per day, so the price should be for maintenance once or twice per day
- A. **The estimated number of “maintenance and cleaning services” per day is twice per camp. Though, in Annex B-Price Schedule, you need to state only the cost for the maintenance and cleaning once per day for one portable unit in order for us to know which is the actual cost in case we need to add more than two maintenance and cleaning services per day. Revised Annex B-Price Schedule is attached.**
- Q. In annex B we should separate the cost to leasing, transportation and maintenance?
- A. **You need to state the cost of leasing, transportation and maintenance and cleaning of one portable unit separately.**
- Q. In annex C, should we only sign this document or should we complete the bidders specification
- A. **You need to provide all details on the goods and services offered.**
- Q. In annex D, you mention that we should state the companies with whom we have dealing for the past two years in US dollars, can we mention the values in euros
- A. **Both ways are acceptable.**
- Q. Annexes E & F should not be signed and sent to you in the sealed envelope?
- A. **No need to submit annex E & F.**
