Establishment of 1 (one) year Long Term Agreement for the provision of rental of various vehicles
ITB: 3276

As I understand, you need approximately 15 cars per month under a frame agreement of one year.

Yes, the particular number is just an estimation based on past experience. Please note that the aforementioned number is not bidding in any way

Please clarify how many of these cars will be mini - van and kindly let us know the locations you wish to collect the cars (i.e. Athens, Thessaloniki etc.).

Approximately 4. All vehicles should be delivered by the awarded Service Provider, free of charge, in Athens (6 Dodekanisou St, Alimos) and/or Thessaloniki (1 Minotaurou St and 26 October st, Porto Center building)

Also, it would be helpful if you give us an estimation of the accrual duration of the rentals.

The estimation of the leasing period for each vehicle will be provided to you upon ordering.
