To whom it may concern,

Please be informed that the foreseen duration of the HELIOS Project is coming to an end on 30 November 2024. For the months of September – November, the only services that will remain will be those related to rental subsidies for beneficiaries who are already receiving rental subsidies.

We would like to also inform you that IOM is working closely with competent authorities for the timely initiation of a new project that will succeed the current project and ensure further provisions of integration support to the beneficiaries of international and temporary protection in Greece. Possible positive outcome in this regard will be announced timely.
